TOWN WEBSITE

The town now has a website. It can be accessed at www.townofroosevelt.com. It will be a couple of weeks before it shows up in a search engine. You can type, or copy and paste, the above address in the address bar to view it. To view agenda, minutes, and notices, hover the cursor over communications, and then hover over each tab that appears until the tab you wish to view appears. Click on the tab you wish to view to open the page. Eventually the website will alleviate 2 of the above posting sights. I will let you know when that occurs.
